

Dear ERS representative, Dear dr Plzak

As we are sure you know the next ERS congress will take place in London 22-26 April 2018!

The ERS Advisory Board will meet in London to discuss various matters regarding the society and consider the venues for future meetings. Only countries who have 10 full paying members are allowed to have a voting representative on this meeting.

We can offer you an ERS block membership. This includes electronic access to 'Rhinology', the opportunity to apply for the various Fellowships and Prizes run by ERS and 'Rhinology' and also not unimportantly a 10% reduction in the registration fees for ERS congresses and affiliated courses. And all of this at a considerably reduced rate compared to individual subscriptions. See enclosed more information about Block membership.

We very much hope that you will be able to recruit enough people before end of this year.

If you have questions or have interest in a block membership please contact the ERS secretary Judith Kosman, [rhinologysecretary@amc.nl](mailto:rhinologysecretary@amc.nl)

We look forward to hearing from you in the near future.

Prof. W.J. Fokkens

General Secretary ERS
